## CHARGES AGAINST STAUNTON POLICE

Character of Force Being Investigated by Councils Committee.

[Special to The Times-Dispatch.] Staunton, Va., January 29.—A joint committee of the Councils has been engaged for two weeks in investigating the conduct and character of the police force, holding meetings every night except Sunday. The investigation is secret, and more than 100 witnesses have been heard.

It was expected that the committee would be ready to report at the regular monthly meeting of the Councils on February 1, but witnesses are still being examined, and it will require some time to prepare the report.

The investigation grew out of persistent rumors of inefficiency, improper conduct and general demoralization on the part of the members of the police force, and a demand on the part of the public that the facts be ascertained, and the police force exonerated, or the guilty ones, if any, punished or dismissed.

Recently one member of the force was dismissed for drunkenness, and running amuck while on duty, and another suspended for thirty days for breach of discipline, while to-day still another, who was put on temporarily as a substitute, was fined in Police Court for excess of zeal in enforcing the no-standing law, in one of the moving picture shows.

There are now well-founded rumors of a prosecution for perjury against one or more members of the force, growing out of a recent prosecution in the Police Court.

If charges are made by the committee, there will of course be a open trial.

The public is naturally much worked up over the investigation and the charges that have been made.

## BOARD OF ACCOUNTANCY.

Measure for Establishment Indorsed by Lynchburg Organizations.

[Special to The Times-Dispatch.] Lynchburg, Va., January 29.—The Lynchburg Chamber of Commerce and Board of Trade have indorsed the bill offered in the General Assembly by Joseph Stebbins, Jr., of South Boston, which provides for the establishment of a State board of accountancy. These organizations have issued a joint circular letter to the business men of Virginia, in which an appeal is made for their moral support, and especially for them to solicit the support of their senators and delegates from their respective districts to vote for the measure.

## Onancock Social News.

[Special to The Times-Dispatch.] Onancock, Va., January 29.—Rev. J. Cammock, a former pastor of the Onancock Baptist Church, but now of Buckingham, Va., occupied the pulpit of the Baptist Church Sunday morning. He spent the week visiting old friends, and Tuesday afternoon gave an interesting lecture to the normal class at the High School.

Mr. and Mrs. E. B. Parker entertained at a whist Friday evening in honor of Miss Margaret C. West. Their handsome home was beautifully decorated with carnations and ferns. Among the guests present were Mr. and Mrs. G. Douglas Wilkins, and Mrs. T. S. Hopkins, of Fairfax; Misses Suzanne Lankford, Mary Rich, Nellie Powell, Lydia McGrath, Sadie Fletcher, Eva and Annie Hopkins, Marie Manning, R. E. Lankford, R. E. Powell, Page Parker, Clarence and John Curtis, F. Ray Shield, Charlie Walker.

Mr. and Mrs. Lorraine V. Nye, of Colorado, are guests of Mrs. Nye's parents, Mr. and Mrs. William H. Parker.

## Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to the terror it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a hollow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed.

"Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

runs, which will be taken at least three times a week. The management will do everything in its power to make this work more of a pleasure than a drudgery, and the first runs will be over a very short course. As time makes the men more accustomed to the work the distance will be increased. There can be no question of the value such a system will have for the team. After indulging in such training as cross-country running is bound to give, the running in the early season's practice will not be so necessary.
